Fire Protection Project to Begin

ELLICOTT CITY, MD – A Howard County project to install four, 30,000-gallon underground water storage tanks throughout the county will take place beginning on or about Wednesday, August 5. A tank will be installed at each of the following locations: 14367 Dorsey Mill Road in Glenwood; 13210 Westmeath Lane in Clarksville; and 14839 Michele Drive and 15032 Double Bridges Lane in Glenelg. Weather permitting, the project is expected to be completed by late October.

During the installation of each water storage tank, there may be brief or intermittent traffic delays in the immediate area. Flagging operations will be in place to direct traffic as needed and signs will be posted to advise motorists of the construction.

For questions or concerns about Capital Project F-5972, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
